

Free, Not To be Normal

Prajna Pranab (Words) / [Litmus A Freeman](#) (Music) / Kali Prajita (Title)

C	Am	G	Em7	
So what is	normal and	what are it's	bounds?	
A nominali -	sation on	medical	grounds	
De - cided by	doctors	doing their	rounds	
/	/	/	/	
C	Am	G	Em7	
De - termined by	doctors who	study the	brain	
Who say I'm not	normal and	drug me a -	gain	Em7
[Fmaj7	/	Em7	/] x 2 G
[But I'm free,	not to be	normal]
C	Am	G	Em7	
But anx - iety's	normal so	I would have	guessed	
If a copper turns	up in a	bullet-proof	vest	
It's normal to	argue when	someone in -	sists	
Your be - haviour is	manic and	mind's in a	twist	Em7 / /
[Fmaj7	/	Em7	/] x 2 G Am / / /
[But you're free,	not to be	normal]
Fmaj7	Dm7	C	Am7	
It's normal to	protest to	plead and to	pray	
When an ambulance	calls to	take you a -	way	
It's normal to	mind when they	fail to ex -	plain	
Quite what it is	has gone	wrong with your	brain	Am7 / /

Repeat 2nd Chorus

Fmaj7	Dm7	C	Am7	
It's normal for	doctors to	err on the	side	
Of pro - fessional	judgement and	arrogant	pride	
Ass - uming you're	guilty be -	fore you've been	tried	
And flatter them -	selves as they	put you in -	side	
Am7	/	G	Am7	/
That they were the	ones who	had to de -	cide	
If you were dis -	ordered or	others had	lied	/ / /

Repeat 2nd Chorus

Fmaj7	/	Em7	/	
It's hard to ac -	cept and it's	painful to	see	
Fmaj7	/	Em7	G	
What is normal	for them	isn't normal	for me	
Fmaj7	/	Em7	/	
I'd like to listen	to what	someone	said	
Fmaj7	/	Em7	G	
Be - fore I com -	mited a	hospital	bed	

Repeat Chorus: But we're free, not to be normal

End on Amajor
